In the case of an emergency if your family at home needs to reach you,
Time difference is +9 hours Nov - March (MST), and + 8 hours March - October (MST). Time in Zambia is 8 or 9 hours **ahead** of US Mountain Standard Time.

To telephone Zambia from the US dial:

011 26 then the number listed above. Your emergency contact for family members should be first Kathy, Innocent or Josephine. Phone service is sometimes busy, but you will eventually get through so keep trying if you have an emergency.

Remember, someone will email your family once when we arrive & you will have time to email them yourself when you complete your two weeks and go on your leisure travel. Phone calls out are very expensive so you won't have opportunity to make calls, but you can receive calls **in case of emergency** via our cell phones.

Please assure your family/loved ones that TRULY... NO NEWS IS GOOD NEWS.

If there are any emergencies, problems, health issues etc, WE WILL CALL YOUR FAMILY OR DESIGNATED CONTACT IMMEDIATELY.
